PERSONAL OVERVIEW

I am 30 years old, born and raised in Paris. I recently decided to move to Sweden because i'm curious about Swedish culture. Now I'm looking for a new work experience in Stockholm as a full stack web developer, that will give me some new opportunities to increase my skills and learn more. Ready to bring a fresh perspective to your team and tackle new challenges in the web development world

WORK EXPERIENCE

Ambulances du Centre | 2022 - 2024

- Emergency call center - SAMU 15
- Transport of sick, injured or patient
- Complete disinfection of the medical vehicle and equipment

Ambulance Joncs Marins/Dalayrac | 2019 -2021

- First aid care
- Nurse/doctor transmissions
- Monitoring sick patients during transport

EDUCATION

Developer Full Stack | La Capsule - November 2023

10 weeks in a Bootcamp

- **MyMails:** reproduce a model provided by the UI/UX
- **DesignerBlackboard:** project build the back office of a scooter e-commerce site with a database with MongoDB and mongoose
- **WeatherApp:** Weather App is an application that displays the weather of cities that you have entered. Use with an API
- **Hackathon(TicketHack):** create a train ticket reservation site with the frontend and the backend
- **MyMoviz:** web application allowing you to display the latest released films
- **Morning News:** web application that will allow you to display recent news from the Tech Crunch newspapers (create with React and Redux)
